

# We are involved. We get involved. Youth in action!

## - Youth meeting at eye level-

- **YOU** want to discover the world & exchange ideas with your peers?
- **YOU** care about the sustainable development of our planet?
- **YOU** want to tackle for a better togetherness?

Then you are  
**YOU**

the right person for our international youth meeting and **YOUR** commitment to a sustainable life in the countryside (SDG 15)

### Sustainable Development Goals (SDG)

With the 2030 Agenda, the global community has set itself 17 ambitious goals – the Sustainable Development Goals (SDG) – for sustainable development. The 17 goals are aimed at everyone: States, civil society, business, science and each and every individual, including YOU and US.

### OUR JOINT PROJECT

With the help of our project, we bring 5 young adults (YOU and 4 other young people) from two countries (Germany, Namibia) together on an equal footing. Together you recognize the climate-related dangers of terrestrial ecosystems in Namibia and Germany, based on the specific sustainability goal 15, develop solutions and get involved together and sustainably against current and potential damage in Namibia and Germany.

## Our common goal

In various workshops you will work out what dangers the terrestrial ecosystems in Namibia and Germany are exposed to and deal with SDG 15, theoretically and practically. You will share your findings via social media and continuously document what you have experienced. The big goal is to create a joint appeal to national and international institutions, which should call for greater efforts to really achieve the SDG

## Our schedule

The project has a total duration from May 1st, 2022 to August 1st, 2023 and is divided into 5 sections: preparation, initial encounter, intermediate phase, return encounter and follow-up. There are already dates for the two encounters that you should plan:

Outgoing encounter:

(Germany ↔ Namibia):

07.10. - 22.10.2022

reunion:

(Namibia ↔ Germany):

03/18 - 03.04.2023

The other sections will be designed with workshops - so you can optimally prepare for the exchange and our project.

## Your Profile and Motivation

- You should be min 18 and max 27 years old.
- You should be able to speak and write English well to very well
- You should enjoy social commitment and international exchange

## How much does this experience cost you?

Nothing - the entire project, including all expenses (e.g. flights, meals) is funded and financed by our own or third-party funds (BMZ)..

**Are you interested? Then apply now! The first round of applications runs until June 15th, 2022**

## How can you apply?

Shoot a small video message with your smartphone to apply for the project. Everything is allowed - it is important that we get to know you and you show us what motivates you for the project. Send it to us:

## Our contacts for you:

Do you have further questions about the project or want to send us your video message directly? Here are our contacts for you!
